

## Ellis Gives Annual Talk to Newsboys

Forty three newspaper carriers from all papers circulating in the Hope trade area were entertained Tuesday night at The Star's third annual banquet.

Thirty-six white carriers met in the main dining room of the Diamond Cafeteria, where Leonard Ellis, local insurance manager and former managing editor and circulation head of The Star, made the annual address.

Seven Negro carriers were directed by the women of Garrett Chapel Baptist Church, and were addressed by George Stroughter, assistant coach of Yenger High School.

Mr. Ellis, third speaker in the banquet series, which was opened by former mayor and ex-newsboy John L. Wilson Jr., and followed last year by Royce Weisenberger, prosecuting attorney, was introduced by A. H. Washburn, editor and publisher of The Star, along with C. M. (Pop) Rogers Jr., circulation manager.

Mr. Ellis told the carriers they must be a group of good boys because the very fact they were on the job meant that they had met the three qualifications of business success: (1) Dependability, (2) courtesy, and (3) service.

The speaker said the great value of service as a newsboy was that it taught the young man the fundamentals of grownup business. He pointed out four examples of Star newsboys who have made outstanding records as adults: Tommy Johne, now a petroleum engineer; Tommy Crosse, chief engineer of the Gene Audrey radio chain in California; John L. Wilson Jr., former mayor, deputy prosecutor and attorney; and W. Steven Bader, manager of Ward & Son Drug Co.

Mr. Ellis recalled that one of Hope's brightest football stars, the late Vasco Bright, was an ex-newsboy; later an Air Corps officer, killed in a crash at Bakersfield, Calif.

The speaker told of a visit a couple of years ago by Lawrence Walker, the first Negro carrier to service the Raynold area of Hope. Mr. Walker was graduate from college, earned a master's degree and now is on the staff of the San Antonio public schools.

Mr. Ellis said if he had a son he would want four things of him: (1) That he get the best home training possible, (2) that he attend Sunday School and church, and (3) that he be a newspaper carrier, and (4) that he finish high school and college.

He concluded his talk with a comparison of the lives of John D. Rockefeller, Sr., who earned 20 million dollars and turned back nearly half of it for the improvement of public health through the world-renowned Rockefeller Foundation; and Mrs. Hettie Green, world's wealthiest woman, worth 65 millions, who died at a despicable miser.

"Which of these two names would you rather be known by when your life comes to an end?" Mr. Ellis asked the boys.

Following is the list of carriers in attendance at the Diamond Tuesday night, arranged under the names of their respective newspapers:

Hope Star: Tony Smith, Jimmy Whitten, Frankie Latham, Jimmy Brown, Jackie Hearst, Randy Still, Eddie Aslin, Freddie Easterling, Ronnie Smith, John Whitten, Keith Woods;

Doug Rogers, Gary Hoffis, Alan Parish, Ralph Routon, Charles Latham, Sonny Walton, Mr. Washburn, Mr. Ellis, and Mr. Rogers's, Texarkana Gazette; Hope: Larry Griffin;

## Low-Rent Housing Nears in Camden

WASHINGTON (AP) — The federal Public Housing Administration reports the city of Camden, Ark., is expected to sign a financial aid contract with the agency for construction of a \$578,980 low rent housing project. Under the contract, the PHA would lend 90 per cent of the total cost.

## Monkey Shot Aloft, But Unrecovered

By HOWARD BENEDICT  
CAPE CANAVERAL, Fla. (AP) — An Atlas missile took a tiny Rhesus monkey named Scatback on a 600-mile ride into space but chances appeared slim today that the little fellow will be recovered.

A ship hucked heavy seas in the south Atlantic Ocean searching for the capsule containing Scatback.

Officials expressed hope the capsule bearing the four-pound animal would be found, but admitted the odds were not good. It may have sunk in the rough water, with waves running seven to nine feet high.

Scatback, with a radio transmitter and biomedical sensors imbedded under the skin, was in the capsule attached to the side of an Atlas which blazed away from the Cape at 10:32 Tuesday night.

The Atlas worked with perfect 15,000 m.p.h. ballistic course six minutes after launching.

Less than 30 minutes later, the capsule, a 6-foot-long cylinder, plummeted into the intended impact zone more than 4,000 miles down range. A flotation bag was to give it buoyancy.

The package carried a radio beacon and flashing lights to help searchers zero in on it.

Two planes and the range vessel Sword Knot comprised the recovery fleet. The aircraft had to abandon the hunt after about three hours because they were running low on fuel.

Mr. Ellis said if he had a son he would want four things of him: (1) That he get the best home training possible, (2) that he attend Sunday School and church, and (3) that he be a newspaper carrier, and (4) that he finish high school and college.

He concluded his talk with a comparison of the lives of John D. "Which of these two names would you rather be known by when your life comes to an end?" Mr. Ellis asked the boys.

## President at Bedside of His Father

By FRANCES LEWINE  
WEST PALM BEACH, Fla. (AP) — President Kennedy's ailing father, hospitalized with a stroke that caused partial paralysis, was somewhat improved this morning. And there definitely will be a meeting between the President and Prime Minister Harold Macmillan of Britain Thursday.

White House press secretary Pierre Salinger told reporters, however, that there is a possibility the conference may be shifted from Bermuda to Palm Beach.

He said Macmillan, who arrived in Bermuda today, has been in touch with the chief executive and places himself at the President's disposal. A decision on the site of the conference will be reached late today on the basis of a report at that time from physicians attending 73-year-old Joseph P. Kennedy, one-time ambassador to Britain.

One doctor said the patient has "a slight paralysis of the left side," but he said the elder Kennedy was better than when he entered St. Mary's Hospital yesterday and better than he was last night.

Announcement that the Kennedy-Macmillan conference will go on came just before the President left the oceanfront mansion in Palm Beach where he is staying to drive to the hospital several miles away in West Palm Beach.

The President spent 45 minutes at the hospital, about 10 minutes of it in his father's room along with his brothers, Robert and Edward.

Their father was asleep and they did not wake him, Salinger told newsmen.

The elder Kennedy's four doctors planned to get together in the afternoon for what Salinger said.

## Service for Harwell to Be Thursday

Funeral services for Larry Joe Harwell, 22, who was killed in an auto accident on the west side of town early Tuesday, will be held at 2:30 p.m. Thursday, Dec. 21, at the Saratoga Church of Christ.

The Revs. M. H. Peebles and Farris will be in charge. Pallbearers will be James Arnold Tommy Hughes, Lovel Phillips, Donald Sanders, Forrest McCorkle and Tommy Ellis.

## Macmillan Here for JFK Visit

HAMILTON, Bermuda (AP) — Prime Minister Macmillan of Britain arrived today to meet with President Kennedy if the illness of the President's father does not change their plans.

He is the first Negro to hold a party office here in many years.

## Mrs. R. J. Glaze Dies in Bearden

Mrs. R. J. Glaze, 74, of Bearden died early today in a Fordyce Hospital.

She is survived by her husband, one son, R. J. Jr., of Los Angeles; two daughters, Mrs. Paul H. Jones of Hope and Mrs. James Crook of El Dorado; one brother, Lem Bradley of Fordyce; two sisters, Miss Mattie Bradley of Bearden and Mrs. Fred Higgins of Smackover.

Mr. and Mrs. Jones left Hope for Bearden early today.

Funeral arrangements are incomplete.

## Court Ruling Is Blasted by Newburgh

NEWBURGH, N.Y. (AP) — City Manager Joseph Mitchell says the State Supreme Court action invalidating 12 of the 13 points of the city's controversial welfare code emphasizes a need for legislative changes at both the state and national levels.

"Here is a city trying to improve itself but being prevented from doing so by state and federal law," he said.

"We've had no grievances at all. We've cut taxes and the welfare budget. Our performance indicates we're right and the law should be changed."

The only point left standing after Justice Robert Doscher handed down his ruling Tuesday in the state-instigated action requires able-bodied relief recipients to report to the welfare department once a month.

Among those ruled illegal were ones denying relief payments to women continuing to have children out of wedlock and to able-bodied men refusing to work.

The plan, which turned this Hudson River Valley community into a seat of national controversy, was put into effect July 15.

The 12 points were placed under a temporary injunction Aug. 18 when the state began its move for a permanent injunction.

Mitchell, who fathered the welfare code, claimed it was designed to knock chiselers off the relief rolls and to cut the city's welfare bill. He said in July that one-third of the city's annual \$3 million budget went into welfare expense.

## State Low of 15 at Fayetteville

By THE ASSOCIATED PRESS  
The temperature fell to 15 degrees at Fayetteville early today for the state's lowest reading.

The U.S. Weather Bureau said Ozark was the next coldest reporting point. The minimum there was 19 degrees.

It was below freezing throughout the state. Pine Bluff and Newport had the highest early morning readings—30 degrees.

The Weather Bureau predicted moderation of the brief cold wave. It said highs today would be in the mid 30s to mid 40s and lows tonight in the 20s. Highs Thursday are expected in the 40s.

## Democrat Is Bare Winner in Louisiana

SHREVEPORT, La. (AP) — The election of Joe Waggoner, a staunch segregationist and conservative Democrat, to Congress strengthens congressional opponents of the Kennedy administration.

Waggoner defeated Republican Charlton H. Lyons Sr. in a surprisingly close election in north-west Louisiana's 4th District Tuesday.

The new congressman made no secret during the hard-fought campaign that he differs widely with most policies of the national party which he bolted in the 1960 presidential election.

Complete returns gave Waggoner 33,846 votes to 28,275 for Lyons in a district that hasn't elected a Republican congressman since Reconstruction days.

Waggoner, of Plain Dealing, is 43 and a member of the State Board of Education. Lyons is 67, a wealthy Shreveport oilman.

Waggoner will serve until January 1963, filling out the term of the late Rep. Overton Brooks, who died Sept. 16.

Most observers were surprised at the large vote for Lyons, whose views closely agreed with Waggoner's. Lyons himself was a Democrat for 45 years until last year.

## U. S. Reds to Flout Demand to Register

By LOUIS G. PANOS  
WASHINGTON (AP) — The members of the U.S. Communist party—more than 10,000 by FBI estimates—have until midnight tonight to register as agents of a foreign power.

They are expected to follow their officers' lead and ignore this third—and last deadline. If they do, the Justice Department could try to send them to jail.

When the party itself ignored a Nov. 20 deadline to register with the attorney general and the leaders did the same Nov. 30, the Justice Department got an indictment against the party.

If convicted, the party could be fined \$10,000 for each day of non-registration. Officers and members are subject to the same penalty, plus five years in prison for each day of violation.

The registrations were required by the Internal Security Act of 1950, upheld by the Supreme Court earlier this year after a 10-year legal battle.

Party officials had declared well in advance that they would not comply with the registration provisions of the act. They also require the disclosure of party printing press locations, financial contributions and expenses.

## Courthouse Tax Vote Up in Sharp Co.

EVENING SHADE, Ark. (AP) — A four-mill tax to finance construction of one or more court houses has been recommended by the Sharp County Quorum Court.

Sharp County has courthouses at both Evening Shade and Hardy. County Judge R. L. Higginbottom said both buildings are old and need to be replaced.

The quorum court recommended that voters decide in the general election next November whether to build one new courthouse or two.

Judge Higginbottom estimated a cost of \$175,000 for a new courthouse.

He said petitions would have to be circulated before the question of construction could be put on the ballot.

## Africa War Parties Open Peace Parley

By PETER GROSE  
LEOPOLDVILLE, the Congo (AP) — Katanga President Moise Tshombe and Congolese Premier Cyrille Adoula opened their long-awaited negotiations to end the secession of Katanga today after warning the icy political atmosphere with friendly embraces and reminiscing.

The two political enemies got down to business in a conference room of the hospital of the U.N.'s Katanga military base, near the mouth of the Congo River. In secret, conversations they hoped to resolve the explosive issues separating Tshombe's wealthy province from the impoverished rest of the Congo.

Adoula and Tshombe met Tuesday to make preliminary arrangements. It was their first meeting in months. They astonished U.N. and American diplomats as they sat together on a couch for 20 minutes, laughing, swapping stories and slapping each other on the leg.

In Elisabethville, the Katanga capital, there was a new flareup of fighting Tuesday. The United Nations said sniping by civilians and mercenaries had forced its troops to occupy several installations of the big Belgian mining company, the Union Miniere de Haut Katanga. Three U.N. Ethiopian soldiers were reported wounded.

With U.N. forces in nominal control of Elisabethville after two weeks of battling Tshombe's white-led Katanga troops, Acting U.N. Secretary-General U Thant had ordered his soldiers to hold their fire for the duration of the talks between Tshombe and Adoula. He said they would shoot back if fired on.

Tshombe and Adoula arrived separately Tuesday at the U.N. base.

Adoula said he hoped the talks would end by tonight, but this seemed likely only if they broke down.

When last quoted, Adoula was adamant that Tshombe must end his secession and submit to the central government's authority.

The Katanga president was equally insistent that his province, by far the Congo's wealthiest because of rich mineral deposits, must get a large degree of autonomy.

U.N. Undersecretary Ralph Bunche, on hand to help with the talks if asked, threw a cordon of U.N. Nigerian troops around the base and barred newsmen so the Congolese politicians would not be able to sound off to the world.

This duplicated the U.N. tactic last summer when it arranged for the Congolese Parliament to meet in complete isolation at Lovanium University outside Leopoldville. After 10 days of seclusion the legislators agreed on a central government headed by Adoula.

## Junior Miss Competition Is Planned

A planning meeting was held Tuesday, Dec. 19 at the Youth Center to plan a local contest to select a contestant for the Junior Miss Pageant to be held in Little Rock Jan. 13.

Mike Kelly and Haskell Jones will head the local committee in 1962 to conduct the competition.

The contest is open to senior girls only who are between 16 and 19 years of age. They shall be judged on scholastic, community, and church activities as well as in personality, poise, and talent.

A date for the contest will be announced shortly.

Eleven girls entered last night and any senior girl wishing to enter may do so by calling Haskell Jones at PR 7-3691.

## Christmas Story Told to Kiwanis

Mrs. Sam Strong was guest speaker before Hope Kiwanis club at its noon luncheon meeting on Tuesday at Hotel Banwell. In keeping with the yuletide season Mrs. Strong brought the club a Christmas story.

Club members made a cash donation to supplement the Lions Club's Christmas baskets to be distributed to the needy this week.

Albert Graves Jr., was introduced as a new member and guests included Roy McKenzie of Terrell, Texas and Dr. George Baletine, pastor of the First Baptist Church.

## Birth Rate Dip Noted in 1960

WASHINGTON (AP) — There was a decline in births in 1960 but the Public Health Service thinks there may be a record number of babies born this year.

In 1960, there were 4,257,850 births registered, about 4,000 fewer than in 1959, said the service. The service, in announcing the 1960 births Monday, said information indicates there will be appreciably more births in 1961 than in 1960 and probably as many as in 1957—4,300,000—which is the record year.

## Portugal Is Censured 2nd Time by UN

By TOM HOGE  
UNITED NATIONS, N.Y. (AP) — Heavy U.N. delegates pushed to wind up the first part of the General Assembly session tonight after condemning Portugal for refusing to give the U.N. information on its overseas territories.

It was the second U.N. decision against Portugal within 24 hours. A Soviet veto Monday night blocked Security Council approval of a resolution calling on India to pull back its invasion of the three small Portuguese colonies on the west coast of India. The Indian army completed its conquest Tuesday.

India led the campaign to condemn Portugal for refusing to furnish information on non-self-governing territories required by the U.N. charter. The vote was 100-3 with Portugal, South Africa and Spain voting no and Bolivia and France abstaining. The United States voted for the resolution after an unsuccessful effort to soften the language of the resolution.

The resolution authorized creation of a seven-man committee to conduct an investigation of conditions in the Portuguese territories and called on member states "to deny to Portugal any support and assistance which may be used by it for the suppression of people of its non-self-governing territories."

The chief targets of the latter provision were the United States, Britain and other members of the North Atlantic Alliance from whom Portugal obtains military supplies as a member of NATO.

The steering committee called for adjournment by midnight until Jan. 15, but the assembly was expected to sit past the deadline in order to clear a number of items from its agenda.

The 104-nation budgetary committee assured assembly approval of a \$200-million, 25-year bond issue to save the world body from bankruptcy. The committee recommended assembly approval of the bond issue by a vote of 45-11 with 21 abstentions. The Soviet bloc objected that the plan was illegal.

The proposal initiated by Acting Secretary-General U Thant had strong backing from the United States, which pledged that President Kennedy would ask Congress for authority to buy a substantial share of the bonds.

The United Nations' grave financial situation results largely from the refusal of a number of nations to contribute to the organization's operations in the Congo. Thant estimates the U.N. deficit will be \$170 million by next June 30.

## Legal Death Penalty in Delaware

DOVER, Del. (AP) — Capital punishment is legal in Delaware today.

Rep. Charles F. Richards, absent from Monday afternoon's voting which failed by one vote to override a veto by Gov. Elbert N. Carvel, staged an eleven-hour return and cast the deciding affirmative in the lower chamber.

The Senate had countermanded the veto by a 13-1 margin Friday. The day before, Carvel rejected the measure re-legislating capital punishment after three years' suspension.

## Christmas Eve at Episcopal

St. Mark's Episcopal Church, Third and Elm St. will have a Christmas Eve Service at 11:30 p.m. Sunday. There will be a service of Holy Communion and sermon by the Rev. W. A. Riemann, priest in charge.

## Indonesia in Threat to Take Guinea

By K. R. RAMANATH  
JAKARTA, Indonesia (AP) — Foreign Minister Subandrio told parliament Tuesday night that Indonesia can't be blamed if it takes West New Guinea by force but that the door is still open to a peaceful settlement with the Dutch rulers of the island territory.

He made clear that Indonesia will accept only a settlement giving it control of the western half of the big island, which the Netherlands retained in 1949 when it granted the rest of the Netherlands East Indies independence.

Meanwhile, said Subandrio, "for us there is no other way but to carry out the people's command" by President Sukarno who ordered total mobilization of the nation Tuesday. Sukarno said he had instructed the armed forces to prepare to seize West New Guinea, "at any time from now on."

"The possibility has not yet been entirely closed that this question may be settled peacefully. The door is still open," Subandrio said in a lengthy statement explaining Indonesian policy toward the area it calls West Irian.

He invited the Dutch to "seize this opportunity before it is too late" and asserted that the world could not blame the Sukarno government if it launches military action to prevent the Dutch from carrying out their plan to transform West New Guinea into the state of West Papua which would have the right of ultimate self-determination.

"Let the Dutch not underestimate our strength," the foreign minister declared. "Let the Dutch not consider the hand extended by President Sukarno as weakness of Indonesia but as a final appeal to seek a peaceful way."

Pressure mounted in Holland for direct negotiations and the Dutch government said it was willing to talk under the auspices of the United Nations.

In Washington, ambassadors from both nations indicated to newsmen after separate talks at the State Department that their governments might accept outside help in reaching a solution. President Kennedy has urged both Indonesia and the Netherlands to seek a peaceful agreement.

Acting U.N. Secretary-General U Thant appealed in identical notes to Sukarno and Dutch Prime Minister Jan E. De Quay for both governments to "take no action which could give rise to a threat to peace and security."

## Mrs Susie D. White Dies in McCaskill

Mrs. Susie D. White, aged 71, died Monday, Dec. 18, at her home on Rt. 1, McCaskill. She was a lifelong resident of the McCaskill area and a member of Avery's Chapel Methodist Church.

Survivors include two sons, Homer White of McCaskill and Elmer White of Houston; two daughters, Mrs. Elbert Brandon of Tulsa, Okla. and Mrs. Hattie Cannon of Lufkin, Texas; and many other relatives in this area.

Funeral services were held at 2:30 p.m. Wednesday at Avery's Chapel Methodist Church with the Rev. Calvin Miller officiating. Burial was in Avery's Chapel Cemetery under the direction of Latimer Funeral Service of Nashville.

### Gay Orb For Yule

With just a little-girl breath  
this bejeweled holiday sphere  
goes into orbit. If you tend to go  
into orbit at the very thought of  
Christmas decorating, here's the  
recipe for a bauble that's quick  
and easy to make.

Take a plastic foam ball, spray  
it with gold paint, stick in color-  
ful snowflake jewels, glue on red  
braids, top off with a cluster of  
pine cones tied on with thin gold  
cord.

Admire, hang from a light fix-  
ture or some overhead spot,  
breathe gently and watch your  
bauble orbit slowly to show all its  
gay faces.

This suggestion for a holiday  
decoration comes from Pine  
Cleaner Information Center  
which also reminds us to have a  
supply of all-purpose pine oil  
cleaners handy for our holiday  
clean-up.

### Snow Slows Traffic in the East

Snow, rain and fog put traffic  
on a dangerous footing today in  
New York state.

The snowfall ranged from 2  
inches in Plattsburgh to 6 in Mas-  
sena and 7 in Glens Falls. Light  
snow or rain slicked roads in oth-  
er upstate areas.

Three inches of snow fell in six  
hours in Portland, Maine.

New Hampshire, Vermont and  
southern Maine were blanketed by  
up to 10 inches of snow, accumu-  
lated during four days of inter-  
mittent storms.

Scattered snow—in many places  
just flurries—gave a wintry touch  
to the last full day of autumn in  
the northern part of the Missis-  
sippi Valley, the Great Lakes region,  
the Ohio Valley, Northwest Appa-  
lachians and New England.

Winter will begin at 9:20 p.m.  
Thursday.

Midwinter cold covered a large  
area west of the Mississippi  
River.

## FBI Seizes Fugitive at North L. R.

NORTH LITTLE ROCK (AP)—  
A 31-year-old fugitive sought for  
more than a year by the FBI was  
captured Tuesday at North Little  
Rock.

Norman Eugene Lee was spot-  
ted by motorcycle patrolman Gene  
Barentine as Lee was moving into  
a North Little Rock apartment.

Barentine radioed for help, and  
Lee was captured with no trouble.  
He was thought to be dangerous,  
but was unarmed Tuesday.

J. J. Casper, special agent in  
charge of the FBI's Little Rock  
office, said Lee and two women  
with whom he was traveling were  
taken into custody and charged  
with transporting a stolen car  
across state lines.

Lee's companions were Carolyn  
Hall, 20, and Shirley Kur, 22, both  
of Cleveland.

Casper said Lee was wanted on  
the same charge involving another  
car and was under investigation  
for possible connection with other  
auto thefts. Lee also is wanted for  
violation of his conditional release  
from the federal penitentiary at  
Lewisburg, Pa., last December.

Barentine said he had heard a  
radio description of Lee and the  
car he was driving just before the  
arrest.

## How to Buy a Shirt

For the men in your life—dad, husband, beau or brother—a shirt chosen with care and know-how is always the perfect gift.

First rule to remember: choose shirts to suit his requirements, not yours. Does he travel a lot? What colors does he favor in suits? How often does he wear casual clothes?

Next, know your man's size—collar and sleeve length. To check sleeve length, have him hold his arm out, but slightly flexed. Measure from the base of the neck, down the back of the arm to the wrist bone.

Select fabric on the basis of looks, comfort, ease of laundering, durability and cost. Materials that go into our Arrow shirts are pretested—uniformity of weave is inspected by magnifying fibers 13 times!

This season, you'll be looking for heavier fabrics—broadcloth, madras, oxford. Convenience of Wash & Wear fabrics often offsets higher prices. Shirts in spin-dry cotton (S.D.C. and Fenway Club) are the newest iron-free models—Decton (Dacron and cotton) assures long life.

Stitching is a clue to quality—it should be smooth, flat-locked and closely spaced along edges of collar and cuffs. Neatly tapered shoulders and extra-wide arm holes mean comfortable fit.

For a booklet about men's shirts with tips on fashion and care, write to me at Cluett, Peabody & Co., Inc., Dept. K, 530 Fifth Avenue, N.Y.C. I'll also be happy to answer any questions you have about men's fashions.

Twice Convicted, Plans Appeal

LITTLE ROCK (AP)—A Conway man twice convicted of second degree murder will appeal his conviction to the U.S. Supreme Court.

The Arkansas Supreme Court agreed Monday to stay its mandate for Lee Mode to enter prison while he makes his appeal.

Mode also received permission to remain free on his \$10,000 bond pending the outcome of the appeal.

Mode's attorneys advised the court Dec. 6 that their appeal would be based on the contention that Mode had been denied due process of law under the 14th Amendment.

Mode was convicted of second degree murder for the fatal shooting Oct. 13, 1958, of Delbert Russell on a downtown Conway street. The jury fixed a 21-year sentence. The state Supreme Court reversed the conviction and ordered a retrial.

Mode was found guilty by another jury, which again fixed a 21-year sentence. The Supreme Court upheld the second conviction.

Mode would have been forced to enter prison if the court had issued its mandate.

Both trials were held at Morrilton on a change of venue.

Mrs. H. C. Murphy in Hope and Mr. and Mrs. S. Dudley in Washington.

Mr. and Mrs. John Nix of Dallas will arrive today for the Christmas holidays with Mr. and Mrs. Owen Nix. Mr. and Mrs. Edsel Nix and two sons of Welmart, Texas, will join the group on Saturday.

Mr. and Mrs. Dale Wood and children of Magnolia will spend Christmas with Mr. and Mrs. Walter Locke.

Mr. and Mrs. Kenneth Holland of Fayetteville will arrive Thursday to spend Christmas with her mother, Mrs. L. K. Dildy.

## Tragic Death of One Child Renders Mother Fearful For Other Two

By HELEN WORDEN ERSKINE

Dear Helen: I want my kids to have a ball in life, and not be held back by a mother who's a square.

We're an average American family: my husband, myself, a son going on 17 and a daughter who will be 15 in January. Our eldest son would be 20 had he lived.

His death was so futile. It happened three years ago. He and a bunch of boys were swimming in a gravel pit. One kid dared him to swim all the way across and back. He didn't make it.

For months after I couldn't bear to see those other boys in swimming. But I've more or less got over that and try not to let fear rule. But our daughter complains that she is never allowed to do anything she wants because of my fear that something will happen to her. She likes a nice boy and is wearing his class ring but, he drives his own car and I won't let her ride in it. I know a lot of girls drive around with boys but, I'm not raising them. I have only one girl and she is very precious to me. I can look upon both our son and daughter with pride and feel we've done a good job in raising them, so far. But it isn't as simple as it was. There are times when I don't know the answer.

For instance, my son works and wants to buy a car, paying for it with his own money. I am fearful about letting him do this. He is such a good boy and I trust his judgment but like I see other boys zooming by when I think maybe their mothers trust them, just as I do mine—yet sooner or later their cars are bound to land in the junk pile and they in the hospital or grave. Am I wrong in opposing my children? —Mixed-Up Mom.

Dear Mixed-up: Your pseudonym is a misnomer. Your letter shows you to be clear-thinking, with justifiable concern for the safety of your children. I agree that your 14-year-old daughter is too young to go driving with her boy friend alone. An exception might be made now and then if she double dates and takes along an older person as chaperon.

But first, make sure the boy is a safe driver. Ask him to take you and your husband some given place. In turn, include him when you and your husband are hauling the kids around in the family car. Set an example by your own sense of responsibility. As for your son, let him have the car, if he pays for it with his own money. The very investment will

make him care what happens to it.

Dear Helen: I refuse to take my family's advice, thereby causing hard feelings all around. I became engaged last May to a boy who was of different faith. Though we sincerely loved one another, we agreed not to change our religious. But as the wedding day neared, he began pressing me to join his church. This resulted in heated arguments and my returning his ring.

While he didn't make it a condition that I become a convert, he did insist that our children be reared in his faith. I broke with inflexible faith in Weiner's office. I completely and moved to another town rather than suffer more heartaches. We wound up as enemies.

Now, months later, I have received a letter from this boy asking me to give him another chance and let bygones be bygones. My family thinks I should say no. What would you do? —Undecided.

Dear Undecided: Unless your former fiancé renounces his faith, it will remain an issue. Actions speak louder than words. Pressure will again be put upon him by his people. Your only solution, if you love him enough, is to join his church. If you can't bring yourself to do so, tear up his letter.

## Guilty in Death of 12

By NOAH HALPER

CAMDEN, N.J. (AP)—Dr. Al. courtroom, walking behind a

bert L. Weiner, an osteopathic physician specializing in psychiatry, was found guilty Tuesday by a jury of manslaughter for the deaths of 12 patients. He was acquitted of three more convictions.

Weiner showed little reaction until near the end of the polling of the jury. When he left the courtroom, he appeared deeply upset. His wife fought back tears and dabbed at her eyes with a handkerchief.

Weiner denied all the charges. His attorney said he would appeal. A jury returned its verdict

shortly before midnight, after 12 hours of deliberation.

It ended a trial that began 58 days ago in Camden County Court and included the testimony of nearly 200 witnesses.

Many were former patients who testified they saw dried blood on infusion tubing in Weiner's office. Nearly a score of the witnesses were medical experts. Records of the case filled 6,500 pages.

The state went beyond the language of the 15-count indictment which spoke only of hepatitis, a liver disease, to prove that the deaths were caused by serum hepatitis.

Prosecutor Norman Helme said he did this to show the deaths were attributable to Weiner's use of unsterile and contaminated equipment and drugs, said to be the cause of serum hepatitis.

The jury foreman, Miss Clara Szombat, 61, a secretary, responded to the question of whether the deaths were caused by serum hepatitis.

## to 3 Laid to Smoking

NEW YORK (AP)—The fire in the subbasement of the Times Tower that took three lives, No. 22 probably was caused by careless smoking, Fire Commissioner Edward F. Cavanagh Jr. says.

Cavanagh said Monday that investigation showed the blaze started in a toy storeroom. A woman employee, according to the investigation report, had been smoking while putting stuffed animals into cellophane bags.

Sentence will be imposed Jan. 11. The maximum on each conviction is 10 years in jail and a \$1,000 fine.

## Annual Banquet Held

The Garrett Chapel Baptist Church Annex was the scene on Tuesday, Dec. 19, of the annual banquet given for the Hope Star. Carried boys by Alex. H. Washburn, editor and publisher of the Hope Star.

George Strouther, Asst. Coach and Math instructor at Yergel High was guest speaker. He spoke on "Education," and he said: "an educated person must possess not only knowledge gained from books and institutions of learning, but experience, common sense and the art of getting along with people and learning to adjust one's self to changing society. Family life, churches and schools bring out and develop that which is inside a person. Education is as much a necessity as food."

Attending the banquet were: Everett and James Edwards, Harold Lloyd and Grady Randle, Hope Star carriers; Nathaniel Tidwell and Burnette Muldrow of Prescott, Democrat and Texarkana Gazette carriers; Mrs. E. L. Hicks, Negro News writer, George (Boots) Smith Jr., Star pressman and Vander Lloyd Sr., a local businessman.

A fried chicken dinner was prepared and served by the Missionary Society of Garrett Chapel Baptist Church, under the direction of Mrs. Beatrice Keel, assisted by members of the Sr. and Jr. Mission.

## Union Mission

The Union Mission meeting was held at the St. Thomas Baptist Church in Prescott, Dec. 10. Represented were Green Hill, Shorter Chapel, and Mt. Zion. Rev. W. M. Benson was speaker for the occasion.

## Management, Labor Split Inevitable

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Among the issues that are likely to stir up big fuss in the next few weeks and months is a growing split in thinking between labor and management. It's complicated by a decided administration interest in the outcome.

You can see the issue building up in such actions as rising orders for steel as a hedge against a strike next summer.

And you can hear the issue in a flow of pronouncements by management spokesmen, labor leaders, administration officials.

Some of the words are along the old lines—wages, costs, prices.

But some of the terms they are using are more complex—productivity, automation, hard core of unemployment, inflation and the cost of living, profits and the rate of economic growth, competition with the European Common Market and Japan in world and domestic markets.

U.S. officials did not have much confidence that a reconciliation would result.

U.N. officials said the talks would be secret and Bunche, other U.N. aides and Gullion would sit in only if the Congolese asked them to. A U.S. diplomatic source insisted Gullion is not trying to act as mediator but is only "facilitating" the talks.

U.N. troops were reported in control of Elisabethville, Tshombe's capital, and the defenders who had battled with U.N. troops there since Dec. 5 appeared to have melted away into the countryside. The Katangans and their white officers were reported planning guerrilla resistance in the bush.

A U.N. spokesman in New York announced that Acting Secretary-General U Thant had ordered a cease-fire throughout Katanga for the duration of the talks between Tshombe and Aduola but that U.N. troops would shoot back if attacked.

Most diplomats in Leopoldville had little hope of a lasting agreement between Tshombe and Aduola. They said the two hold unalterably opposed positions and speculated that Tshombe might decide to continue his resistance to the central Congo government from exile abroad.

The Katangan leader has demanded local autonomy for his province, the Congo's richest because of its foreign-operated mines. The Leopoldville government, running deep in the red, is in dire need of this financial support, and Aduola has shown no weakening in his stand to downgrade Tshombe to the relatively minor role of a provincial president within a united Congo.

Reports from Elisabethville told of heavy fighting around the headquarters of the Belgian-owned Union Miniere mining company Monday but Katangan troops later appeared to have withdrawn from all sections of the city.

However, a white officer in the Katangan army said, "We don't mind. We are replanning our position."

Officers' were elected for the new year as follows: President, Mrs. Minervia Snowden; vice president, Mrs. Tom Scott; secretary, Miss Verita Scott; Asst. Secy., Mrs. Jett Wilson.

The next meeting will be held at Shorter Chapel Church on the second Sunday in January. Rev. W. H. Russ, pastor; Mrs. Susie Bell, reporter.

## Management, Labor Split Inevitable

Management says this is because wage costs here are so high that our prices aren't competitive. Labor says it is management's fault for profits—and high executive salaries—that helps keeps prices high.

The administration hopes it can keep the dispute in bounds—stave off more inflation, keep our goods competitive abroad, make the economy grow faster.

The consumer? He just hopes prices don't go much higher.

Discovery of salt domes in the Gulf of Mexico bolster the theory that the gulf was once virtually a landlocked "dead sea," whose waters were saturated with salt. This would explain the gulf's underlying layers of rock salt, thousands of feet thick in places.

campaign on the basis of the U.N. occupying Elisabethville. Believe me, the war has just begun."

From Brussels, Belgian Foreign Minister Paul-Henri Spaak cabled a protest to Thant, calling the fighting around the Union Miniere headquarters "pure reprisal" with no military objective.

In London, British Foreign Secretary Lord Home told the House of Lords that the United Nations had faced the danger of a war in the Congo "which could spread into months and years" and that the U.N. role there could reach the stage where Britain would withdraw its support from the United Nations.

Although she would have had to keep out of Elisabethville's way, because hatred had a sure recognition of its own, this woman would have been safe any-

## Holiday Baking Is An Art

Of all the preparations to be made in the rushed weeks just before Christmas, perhaps the most enjoyable is holiday baking. Fragrant aromas drift from the kitchen throughout the house, adding to the anticipation and excitement in the air. Although baking at any time of the year is certainly a skill, it also becomes an art at holiday time, when feminine talents and creativity can be explored to the fullest extent. Women everywhere will be experimenting with the wonderful new recipes introduced this season, as well as their own personal collections of traditional family favorites handed down from generation to generation.

Whether it be holiday cakes, cookies, or candies, chances are that you'll be baking something this season. Keep some of these Christmas treats on hand for drop-in visitors, and send others to friends and neighbors as hospitality gifts.

To wrap baked goods for gifts, or simply to keep them fresh for use in your own home, there's nothing like transparent household saran. This clear, plastic wrap shows your handiwork with real sparkle and protects it at the same time.

This season, try baking individual fruitcakes in muffin tins. After cooling, wrap the miniature cakes in plastic wrap and tie with a perky bow for clever individual gifts. For a "cookie candle," assemble a five-inch stack of large, round cookies. Wrap tightly in transparent saran, securing top and bottom with tape. A small piece of the wrap colored red with a crayon makes the candle holiday wrapped goodies, and you have a handsome gift just begging to be given!

How far medical science has moved toward the complete control of cancer can only be estimated," Dr. Henry T. Randall, medical director of Memorial Hospital, said Monday.

Randall's estimate of an actual 33 per cent cure rate refers to patients who had experienced no recurrence of the disease, a spokesman said.

## Sent Her Share of Food Stock

WHITE PLAINS, N.Y. (AP)—Ernest Kirk, a stockbroker, received this letter:

"Dear Mr. Stock Man: I heard Mom tell Dad she would like a stock for Christmas. So if you have an old used one around could I have it for Mom? Find my dollar to pay for it."

It was signed by Meg McMorro, aged 8. A dollar was enclosed.

Kirk mullied it over. Then he sent her a share of General Foods to the girl, along with her dollar. General foods closed on the New York Stock Exchange Monday at 93 3/4.

## Declines Comment on Strategy

WASHINGTON (AP)—A Defense Department spokesman has declined to comment on a published report that the Kennedy administration has switched to a strategy designed to spare Soviet cities in case of nuclear war.

The Washington Star in a copy-right story Sunday said such a change has been made in U.S. planning. The decision to avoid killing millions of civilians, the story said, is an effort to deter an enemy from killing millions of Americans.

## Things Crawling Around Berkeley

BERKELEY, Calif. (AP)—Julius Bierbaumer is convinced that things are crawling around Berkeley.

So do the ladies at the Berkeley post office.

A box of Florida chameleons, addressed to Bierbaumer's pet shop, broke open Monday causing much shrieking and scrambling at the post office.

Bierbaumer was called. He came running with a net and helped catch 45 of the slithering little creatures.

He insisted he had ordered 100.

# Hope Beats Guernsey in 2 Out of 3

By VINCE FOSTER

Hope took two out of three games from Guernsey last night as the senior girls pulled out a 42-41 victory in O.T. The junior girls edged the hosts 30-29 and the "B" team ended up on the short end of a "run, shoot and holler" type game by the score of 74-51.

The Lady Cats trailed 11-10 at the end of the first quarter and then 18-16 at the half. They edged out ahead 29-28, going into the final quarter, but the score was tied 40 all at the buzzer. At the end of one overtime period, the Lady Cats had taken their first win of the year 42-41. Melba Calhoun was high for Hope with 19. Lora Calicut had 16, and Janice Lloyd took 7. Rosenbaum led the losers with 29.

The Junior Girls trailed 14-11 at the half, but eased out from 22-21 going into the final period. The teams scored 8 each in that period but Hope had the edge 30-29. Annette Hatfield was high with 15, giving her 48 thus far in the season. Shirley Smith sank 10 last night and has 61 for the year. Also scoring last night was Whitten with 3 and Martin with 2.

The Guernsey Sit. boys jumped to a 17-9 lead after the first eight minutes and stretched it to 47-16 at the half. The "B" squad outscored them 15-9 in the third period and 19-18 in the fourth but the 31 point lead at the half was too much to overcome. John Wayne Hughes was high for Hope with 9, Wassell and Thrash had 8 each, Reinhardt and Marcum had 6 each. McDowell and Brown scored 4 each. Sprague took 3 and Jones scored 2.

Guernsey had four boys scoring double figures. Stephens with 23, Hawley with 13, Self 11 and Parmer with 10.

## Alabama in Second Good Work-Out

TUSCALOOSA, Ala. (AP) — A forecast for clear skies today gave Alabama's bowl-bound football team its second chance for a good workout in nearly three weeks.

Coach Paul Bryant looked to chilly temperatures to help put more snap into the practice than Tuesday's drill had.

After observing the one hour and 45 minute drill, Bryant said: "Most of them looked kind of slow and sluggish, but after all they haven't had a uniform on in a while and they did better as they went along."

The practice was just a week later than Bryant had hoped to start on drills for the Sugar Bowl game with Arkansas.

Heavy rain curtailed drills early last week and then a virus put part of the team to bed for a day or two.

Linebacker Elbert Cook was the only player still retaining some signs of the virus. He worked out briefly Tuesday in sweat clothes while other players wore pads.

The Tide's third and fourth teams got in some contact work during the practice but Bryant decreed no rough stuff for his first two units. "I was afraid that we would get someone hurt, it being the first day," he said.

"The field is still awfully slow," he added, "and even doing no more than they did Tuesday will take a lot out of them."

Fullback Mike Fracchia returned to limited duty after undergoing surgery to correct a broken nose received in the Auburn game Dec. 2.

End Butch Henry, ruled out of the Sugar Bowl bid, underwent surgery to remove some cartilage from his right knee. He was reported resting well Tuesday night.

At La Chapelle-aux-Saints, France, the remains of a nearly toothless cripple was found at a Neanderthal burial vault. He must have been kept alive by his fellows, 40,000 years ago. They not only obtained food for him but must have prechewed it.

# State's Top '61 Athletes Are Named

By WICK TEMPLE

LITTLE ROCK (AP) — Great individual performances highlighted Arkansas' 1961 year in sports. Lance Alworth, Powell McClellan, Don Saner and Richard Sikes wrote their names indelibly in the state's history book.

Alworth's running, kicking and pass catching led Arkansas' Razorbacks to their third straight share of the Southwest Conference title and into the Sugar Bowl against Alabama.

McClellan was named Little All-America as an end after leading Arkansas Tech to its second straight Arkansas Intercollegiate Conference football title.

Saner, the Little Rock Travelers' first baseman, led the Southern Association in batting with a .349 average as his team finished third and won the attendance trophy.

Sikes went forth from Springdale and the University of Arkansas to win the National Public Links golf tournament and establish himself as a rising links star.

And there were many other big names in a colorful year.

Backs Jack Thompson, Bill Cole and Joe Jones led Fort Smith's greatest high school football team to the Big Nine Conference title and the Associated Press state schoolboy championship.

Two all-around athletes, Bill Gray and Ken Hatfield, paced Hope to victory in the Class AA-AAA state basketball tournament.

Clyde Rhoden closed out his basketball career at the University of Arkansas by setting a career conference scoring record for the Razorbacks, 661 points.

The most tragic event of the year was the death of J. P. Lovelady, Arkansas Tech's basketball great, three games before the end of his senior season. He was injured in an auto wreck and died a week later.

Arkansas football Coach Frank Broyles earned the title of wizard of the Ozarks as he masterminded a third straight 8-2 season for his Razorbacks. The Hogs are the second team in SWC history to share in three straight titles. Texas A&M did it in 1939-41.

Alworth was named All-Southwest Conference for the second straight season and for the second year led the nation in punt returns. He did virtually everything well, but what he'll probably remember most is a pass he threw against Texas A&M in the play of the year.

A&M led 7-6 and Arkansas had the third and 10 on its own 10, with four minutes left. Alworth passed, 36 yards to Paul Dudley and quarterback George McKinney took up a 90-yard touchdown drive that gave Arkansas the 15-8 victory at the turning point of its season.

Another great Arkansas Tech team went 8-0-1 and would have had a perfect season but for the year's biggest upset—a 6-6 tie by lowly Ouachita. Tech dominated statistics, but Ouachita's Bill Richardson passed 47 yards to Bud Dooley in the fourth quarter for the tying touchdown. Tech already had won the AIC title.

Minor league baseball may be dying elsewhere, but in Arkansas it's still popular. The Travelers drew 138,000 and won the Southern Association attendance trophy for the second straight year. It was a drop from 179,000 in 1960.

In track, State Teachers set six AIC records in winning the state meet, and Little Rock Central as usual dominated the high school scene, sweeping the Big Nine meet.

In golf, Doug Sanders won the Hot Springs Open and Richard Crawford of El Dorado and Jacksonville on the Arkansas Amateur title. Mrs. Jay Freeman of Little Rock won the Women's Amateur. Sonny Methvin of Little Rock was a semifinalist in the National Amateur.

The Arkansas Sports Hall of Fame inducted five new members and late in the year named five more for induction in 1962. Inductees were golfer Paul Runyan, coaches Hugo Bezdek and Morley Jennings, baseball great Lon Warneke, and high school coach Earl Quigley.

Tapped for the hall were baseball executive Ray Winder, baseball pitcher Schoolboy Rowe, Southern Association pitcher Rube Robinson, Arkansas Tech Athletic Director John Tucker and Ouachita football star Carey Selph.

There were some important decisions at the conference table in 1961. The AIC voted to make a round robin schedule mandatory, and increased scholarship allotments for member schools. The Arkansas Athletic Association voted down a proposed resumption of high school football playoffs, chiefly because no decision could be reached on necessary redistricting.

The Big Nine Conference moved to deemphasize basketball by voting in a single round robin schedule for next year instead of the present double round robin.

Hendrix, Southern State and Arkansas State colleges opened new basketball plants during the year. It was Hendrix's first year without college football.

BIG SPLASH—Headed for the clubhouse after a wet victory, these little Eagles are so elated they don't even notice the water. They beat Navy in a Chicago Boys' Club game.

## Hogs Wind Up Final Scrimmage

FAYETTEVILLE, Ark. (AP) — The Sugar Bowl-bound Arkansas Razorbacks held their final practice at home Tuesday and were warned by Coach Frank Broyles they will be facing "the toughest team in the nation" New Year's Day.

Broyles issued the team football shoes and directed the squad to "run as much as you're now running while you are home."

The Razorbacks meet the Crimson Tide from Alabama, the number one rated team by the Associated Press, at New Orleans in the New Year's day classic.

Tuesday the Porks held a hard running session and were forced inside again by cold weather as temperatures hovered in the low 20s.

Broyles said his new backfield coach, Bill Pace, will arrive Friday and would help coach during the Sugar Bowl game.

Pace joined the Arkansas staff from Kansas to replace Hayden Fry who accepted the head coaching job at Southern Methodist.

to the top of the conference scoring race.

Arkansas Tech won the AIC's basketball title, but after Lovelady's untimely death, lost to State Teachers in the final game of the NAIA playoff, and Teachers lost in the first round of the national tournament.

Blytheville won the Big Nine Conference high school basketball title but had to take a back seat to Class AA Helena and Harrison in the state tournament, with Helena winning.

Nettleton, paced by the great Jerry Rook, and Valley Springs won the Class A and B basketball titles in the first simultaneous state tournaments in Little Rock. Rook set a tourney scoring record of 144 points. The plan was so successful that it probably will be permanent.

Minor league baseball may be dying elsewhere, but in Arkansas it's still popular. The Travelers drew 138,000 and won the Southern Association attendance trophy for the second straight year. It was a drop from 179,000 in 1960.

## Commercial Used in TV Satires

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — Whenever a variety show needs a subject to satirize in a sketch, the first place the writers look for subject matter, it appears, is at television itself, and usually at TV commercials.

This season, there is the usual amount of kidding the commercials, but there has been a sharp diminution of sketches drawing a head on the Wild West-fast gun programs, popular in other years. The popular item this season is the spoof of the new, well-received doctor show.

## South State Moves Into Win Column

By THE ASSOCIATED PRESS

Southern State moved into the Arkansas Intercollegiate Conference basketball winning column Tuesday night by beating College of the Ozarks handily, 71-60.

Jerry Meyers' sharp shooting netted 33 points to pace the Mule-riders' first AIC victory of the young season.

The Mountaineers led most of the first half but after overcoming a 38-37 halftime deficit, Southern State moved into a commanding lead and never faltered.

At Conway, Hendrix had an easy time in romping over Arkansas A&M 60-48. The Aggies went ahead briefly in the second half but then cooled off.

Larry Fincher took scoring honors with 19 for Hendrix while Solon Mobley netted 14 for the losers.

In a non-conference battle, Henderson took an 81-57 drubbing from East Texas Baptist College at Marshall, Tex.

The Baptists held a 44-33 halftime lead and stretched the margin wider as the game progressed.

## Spahn Named Veteran of Athletes

By THE ASSOCIATED PRESS

Warren Spahn, the pride of Milwaukee, who became the seventh major league pitcher in baseball history to win 300 games, was named the veteran athlete of the year for 1961 today.

The brilliant 40-year-old southpaw breezed to victory in an Associated Press poll of 251 sports writers and broadcasters. He won out over such other oldtimers as Archie Moore, the partial light-heavyweight boxing champion; Stan Musial, baseball's elder statesman; Jerry Barber, the PGA titleholder; and New York Giant quarterback Y. A. Tittle and Charley Conerly.

Spahn was named first on 153 ballots. On a basis of three points for a first place vote, two for second and one for third, he collected 557 points. Moore, who had 26 first, had 170 points followed by Musial with 150 and Barber, 146.

Spahn had one of his best years in 1961 while extending his lifetime victory total to 309. He won 21 games, led the National League in earned run average with 3.09 and complete games, 21. He also pitched the only no-hitter in the big leagues.

Others who received solid backing the the balloting were Lou Groza, place kicking specialist of the Cleveland Browns; jockeys Longden; Doug Harvey, player-coach of the New York Rangers of the National Hockey League; Whitey Ford of baseball's Yankees and Joe Brown, the busy lightweight boxing king.

the subject has had little TV exposure. An excellent case in point was Bob Hope's sketch last week, a spoof of a new hit movie called "The Hustlers."

All the hi-jinks took place in a pool hall. Bob Hope was padded around the midriff and sported a curly wig. It may have been hilarious for the comparative handful of viewers who had seen the movie and knew that Bob was caricaturing Jackie Gleason, one of the stars. But for the millions who haven't yet caught "The Hustlers," the sketch was not only meaningless but extremely unfunny.

Bud Palmer, the sportscaster who for two seasons has been commentator on CBS' "Sunday Sports Spectacular," will be missing from the show when it resumes Jan. 7. Bud has moved to NBC, where he's handling Saturday basketball chores—and his replacement is Jack Whitaker, brought in from Philadelphia.

# Dequesne Is in Spotlight Once More

By SHELTON SAKOWITZ

Associated Press Sports Writer

The dashing Dukes of Duquesne, once a perennial tournament entrant but relegated to lackluster seasons of late, again are bidding to regain their stature among collegiate basketball's elite.

Undefeated Duquesne, ranked seventh in the current Associated Press poll, knocked ninth-ranked St. Bonaventure from the list of the unbeaten Tuesday night when a 74-57 victory at home.

The Dukes from Pittsburgh posted their sixth straight triumph while the injury-riddled Bonnies suffered their first setback in seven starts.

The only other member of the top ten to see action in a relatively light night of activity was Purdue, No. 8. The Boilermakers, behind a 30-point harvest by All-America Terry Dischinger, polished off Nevada 91-59.

Purdue boosted its won-loss record to 4-1. The Boilermakers' only loss came at the hands of the Wichita Shockers, 71-68. Wichita snapped second-ranked Cincinnati's 27 game winning skein Monday night.

Duquesne led all the way Tuesday night against the underfunded Bonnies, who won the Bluegrass Festival over the weekend. Clyde Arnold was high for the winners with 18 points and Mike Rice added 17. Sophomore Miles Alken was the St. Bonny standout with 20.

Purdue used 18 players in its intercollegiate conquest of Nevada, the Far Western Conference champion last season. Chico Fellback's 18 points were tops for Nevada, whose record now is 1-6.

Undefeated Mississippi State made Memphis State its seventh straight victim with an 83-71 clanging of the Tigers. The visiting Bulldogs broke the game wide open early in the second half to hand Memphis State its second loss in seven games.

Cornell, on the East Coast, and Santa Clara on the West Coast, kept their records unblemished. Mike Berger collected 31 points as Cornell whipped Rochester 72-61 or its fifth straight. Santa Clara turned back Hawaii 67-53 for the second successive night and boosted its slate to 7-0.

Elsewhere: Kendall Rhine's 21 points powered Rice to a 71-64 verdict over Vanderbilt; Texas Tech used a second-half spurt to wallop Oklahoma 70-42; Rich Falk's field goal with 13 seconds to go gave Northwestern a 65-64 squeaker over Colorado; Georgia outlasted Florida 78-72 in overtime; Detroit's five starters hit double figures as the Titans beat San Francisco 71-53; Fordham allied in the second half to hand winless Columbia its sixth setback in a row and Penn State inflicted Syracuse with its fifth straight loss, 53-44.
